

HOW YOU CAN HELP IN THE SAN FRANCISCO BAY AREA

The Tahirih Justice Center is fueled by the power of many – our lifesaving work in communities, courts, and Congress would not be possible without individuals like YOU who are willing to stand up for justice.

Changes to national immigration policy have left the most vulnerable among us struggling to find safety, including Tahirih clients, for which the impact is immediate. Immigrant survivors of violence are too scared to call 911 to stop ongoing abuse. Women seeking asylum based on gender-based violence are up against greater odds as the government shifts policy day by day. And protections within the widely supported Violence Against Women Act (VAWA) are under threat. In this moment, how we each choose to engage will define us as a people.

Join us in empowering and supporting immigrant women and girls in their fight for justice:

DONATE to help us build our army of legal advocates! Through monthly giving, corporate matching, event sponsorships and more, you can transform the lives of courageous women and girls seeking safety. Increase your impact by taking it even one step further – share these giving opportunities with family and friends.

ORGANIZE a collection drive for Tahirih clients! Women rebuilding their lives in the wake of violence need basic essentials such as personal care items, toiletries, diapers, baby wipes, formula, and business attire for job interviews and court appearances. Ask your workplace, gym or apartment building if you may set up a donation drop box to collect these items for the women we serve.
